

SOCIAL MEDIA: HOW DO I...?

Facebook Page

Facebook Pages are for businesses, brands and organizations to share their stories with people. Like profiles, you can post stories, host events, add apps and more. People who like your Page (and their friends) can get updates in the News Feed.

Twitter

Twitter is a real-time conversation tool that allows you to send and receive 140 character messages, tweets. Your Twitter community is made of profiles you follow and those which follow you. Profiles can be businesses, causes, or people.

#Hashtag

- **#Hashtag:** a word or phrase preceded by a pound sign (#). Used to identify posts on a topic or conversation.
- #ThisRunOnPhrase becomes a link to posts and tweets sharing the common hashtag – creating a conversation.
